Protect yourself with the most powerful, comprehensive identity protection available today.

Because your digital and financial identity are at constant risk, you need constant protection.

Our state-of-the-art artificial intelligence capabilities continuously scour billions of data points to discover vulnerabilities and alert you when your identity may be at risk. Think of it as a "radar" that is always protecting your identity.

Protect Yourself in 5 Easy Steps

Step 1: Sign Up – Enrollment is easy and only takes a few minutes

Step 2: Set Up your Watchlist – The more we watch, the better protected you are

Step 3: Manage Your Risk – Quickly protect yourself with easy-to-follow best practices

Step 4: Get Alerts – Get alerted to activity that could indicate credit fraud – up to 4x faster than the competition

Step 5: Restore Your Identity – We'll help you recover your identity and reimburse funds lost due to identity theft

Your digital self needs protection. And we're here to help.

Identity thieves are smart and sophisticated – you deserve equally sophisticated protection to warn you of identity theft or fraud.

Through every stage of identity theft, we'll be there.

We work around the clock to protect you.

We're always working on your behalf:

Twenty years ago, your identity was your name and your social security number. Today it's a complex web made up of hundreds of digital pieces we share on a daily basis. This is where IBM® Watson™ Artificial Intelligence comes in. Watson is highly intelligent, knows exactly what to look for, and is tireless – constantly scrubbing, constantly scanning.

Quick Alerts

The faster you know about a threat, the faster you can act to protect yourself. We're looking out for you 24/7 to send you the fastest alerts through mobile app notifications and email

Easy Recovery

You'll never have to deal with identity theft alone. If we detect a threat, we'll help you resolve it with expert guidance and a personal case manager from start to well beyond finish. All while being covered by our \$1 million insurance policy with stolen fund reimbursement.

Data breached? Get New LifeLock with Norton by Symantec

A major credit bureau recently experienced a breach potentially impacting about 143 million people. With your personal info, criminals can open accounts, file tax returns, buy property and more. Don't wait to get identity theft protection.

Why you need LifeLock after a data breach:

Putting a freeze on your credit may not be enough

Identity theft goes beyond credit fraud. With info like your SSN and birthdate, criminals can file tax returns, steal from investment accounts, or rack up medical bills.

Over half of consumers have experienced a data breach

1 in 5 people experience identity theft. If your information has been breached, LifeLock is here to help if a problem arises.

Identity theft can happen for years to come

Data breaches can expose information that typically doesn't change long after a breach.

Our protection is now better than ever with Norton 360 with LifeLock.

What you don't see can hurt you. We'll help protect your digital life.

Our Million Dollar Protection™ Package

Personal Expense Compensation

We will cover you for personal expenses incurred as a result of identity theft, up to the limits of your plan.

Reimbursement of Stolen Funds

If your money is stolen due to ID theft, we will reimburse up to the amount provided by your plan.

Coverage for Lawyers and Experts

If you become a victim of identity theft while a LifeLock member, we will provide the necessary lawyers and experts if needed to help resolve your case.

We aren't just protecting you from identity theft
WE PROTECT WHO YOU ARE

Our Mission: Protect What Matters Most™

We protect your identity like we protect our own.

Your identity is much more than just your personal information. It is everything you have worked for your entire life to create. It's your home, your career, your family, your finances, your health, your business, your reputation, and everything that matters most to you. It's your life story, and to us, it doesn't get any more personal than protecting it. Why? Because we're people with identities too. Which means what matters to you, matters to us.

Identity and Credit Monitoring
